

Murali Selvaraj

System Engineer

I have 5 years of work experience, with 2 years as a Full Stack Web Developer with MERN stack expertise and 3 years as a SAP Security Consultant. My goal is to use my skills to build high-quality websites and learn new technologies while staying up-to-date with industry best practices. I'm seeking a position in web development that allows me to continue developing my career and contribute to the company's growth.
